DEMOCRATS SAY **NEW YORK IS SAFE**

Hope to Control Legislature, in Addition to the Parker Victory.

NORMAN MACK CONFIDENT.

National Committeeman Predicts That Depew's Successor Will Be of a Different Party.

REPUBLIC SPECIAL New York, Aug. 19.-Democrats not only claimed New York State for Parker today, but they were bold enough to cast their eyes on the Legislature and predict a Democratic United States Senator to succeed Chauncey M. Depew, whose term of office expires this year. Norman E. Mack of Buffalo, National

Committeeman from New York, was the first to speak his mind on this subject when he called at national headquarters. Compared to the movement up State, Democrats down at this end, he said, seemed to be asseep. He unqualifiedly claimed the State by 25,000 or more. "If we do that," he continued, "and I have the utmost confidence that Judge

Parker will carry the State anyway, we will come pretty near controlling the Legislature, and that means a United States Senator to succeed Chauncey M. Depew. "It has been so long since the State has "It has been so long since the State has been represented in the United States Senate by a Democrat that the party seems to have forgotten that this is possible, when it is the easiest thing, you know." Following Mr. Mack's statement, Senator John C. Fitzgerald came out with this announcement:

"As a result of a careful canvase of the various senatorial districts, we predict that the next State Senate will be Democratic."

The national leaders are setting weary.

that the next State Senate will be Democratic."

The national leaders are getting weary of Charles F. Murphy's quarrel with Senator McCarren. They are annoyred at the Tammany leaders keeping up a fight in public, which is the only sign of party discord in the State.

A member of the committee said to-day that McCarren had been regularly selected by the State Committee, and that it was not in the power of the State chairman, nor the National Committee, to remove him. McCarren has announced that he will not resign as executive chairman.

Thomas Taggart, chairman of the National Committee, after talking with several men from up the State, was even more confident of the results in New York than he has been. He said that one good Parker movement now going through the country was that started by young attorneys, adding recruits each day to the Democratic party.

William H. Stayton, another Helong Republican and a lawyer, is for Parker. The lawyers' movement for Parker is spreading throughout the State, as well as in the city.

Brave Women

Women's delicate nerve organism subjects them to so much suffering that it is almost inconceivable how they manage to fulfill the various household and social duties, and yet they do—and suffer.

As a rule they understand the nature of their delicate organism, but overlook the wonderful influence their nervous system has upon their general health.

They are not sufficiently impressed with the fact that all their ills are directly traceable to the nervous system.

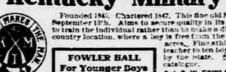

That their periodical sufferings and headaches are due to weakened nerves.

Dr. Miles' Nervine

has been wonderfully successful in revitalizing the nerves and curing all cases
of nervous disorders and loss of vitality.
Thousands of delicate women have regained their health and vigor by its use,
and the thoughtful fortify themselves by
keeping their nervous system strong and
vigorous by its use.
"From a thin, nervous wreck, miserable
and wretched, I am now enjoying splendid
health, and it is all traceable to your

Verdict Charges F. L. Richt, Druggist, and Charles Farthing, Clerk, With Culpable Negligence.

The Coroner's jury yesterday held Charles Farthing, a clerk at the Lindell proprietor of that establishment, responsible for the death of Mrs. Jennie Helm of New York, who died at the Lindell Hotel last Sunday morning after taking what

she thought was cream of tartar. Right has not yet been taken into custody, but Governor Charles P. Johnson, his attorney, informed the Coroner yesterday that Richt would give himself up as soon as he could find a bondsman. Far-thing has not yet given bond. The jury in its verdict says that Par-

to law, and was guilty of culpable negligence.

Mr. Richt was also held guilty of culpable negligence for permitting an unlicensed druggist to dispense drugs in his
establishment.

Doctor R. B. H. Gradwohl reported to
the jury yesterday the results of the
analysis of the contests of Mrs. Helm's
stomach, and of the preparation sold to
her as cream of tartar. The report stated
that the contents of the stomach and the
remaining portion of the preparation was
not cream of tartar, but tartar emetic.
Tartar emetic, says the verdict, is a violent poison in the quantity taken by Mrs.
Helm.
